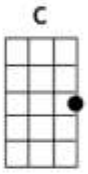
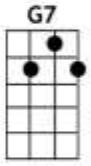
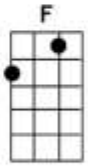
C                       G7                    C
Early in the evening, just around supper time
                                G7              C
Over by the courthouse, they're starting to unwind
F                           C
Four kids on the corner, trying to bring you up
                                G7              C
Willy picks a tune out and he blows it on the harp
```



Chorus:

```
F           C       G7          C
Down on the corner, out in the street
               F               C
Willy and the Poor-boys are playing
          G7              C
Bring a nickel, tap your feet
```





```
C                                   G7                  C
Rooster hits the washboard, and people just gotta smile,
                                  G7            C
Blinky thumps the gut bass and solos for a while
F                                   C
Poor-boy twangs the rhythm out on his Kalamazoo
                                  G7             C
And Willy goes into a dance and doubles on Kazoo
```

Intro>

```
C                         G7              C
You don't need a penny just to hang around
                                    G7              C
But if you got a nickel won't you lay your money down
F                                   C
Over on the corner there's a happy noise
                                  G7                C
People come from all around to watch the magic boy
```
